

OMAGH ENHANCED LOCAL HOSPITAL.

Having been awarded the contract for Omagh Enhanced Local Hospital, McLaughlin & Harvey have the project well underway. This is the third edition in the series of our project newsletters. These will provide regular progress and update information. We hope you enjoy being updated on the project.

Progress Report

Foundation works are continuing and these are progressing well in Blocks B,C,G and H.

The site security and access arrangements are being completed. As well as security staff, a turnstile system is currently being installed for access onto the site.

Community / Environmental issues

We are aware of the potential impact on the local area and will actively work with the local community and The Western Health and Social Care Trust to ensure that appropriate and timely measures are introduced to minimise any potential disruption during the development.

McLaughlin and Harvey have incorporated numerous environmental aspects within the construction phase. We are dedicated to carrying out the construction works in the most sustainable manner possible. This is ensured by monthly Environmental and Quality audits, regular tool box talks, daily and weekly water quality monitoring and regular sustainability reports.

Community engagement initiatives are continually being organised with the local community groups and schools. In the near future we hope to engage with secondary schools and the children's ward of the Tyrone County Hospital.

Considerate Constructors Scheme

The site is registered with the Considerate Constructor's Scheme and the first visit is expected in November. The considerate Constructors Scheme is the national initiative set up by the Construction Industry to improve its image.

A fundraising event was held onsite for Breast Cancer Awareness. Pink Hi Viz vests were worn on Friday 24th October in recognition of the event and the site raised a total of £330 in ticket sales in the days leading up to this. McLaughlin and Harvey as a whole raised £3,675 and would like to thank all those who purchased tickets for the cause.

This newsletter is available in Braille and in CD format. Please contact the Environmental Advisor.
