SafeTALK is a 3½ hour training workshop, which raises general awareness on how to prevent suicide in our community.

The workshop equips participants with the skills to recognise a person with thoughts of suicide, to engage them and then connect them with an organisation or individual who can intervene to help keep them safe.

SafeTALK is ideally placed for delivery in a workplace or community setting.

If you are interested in attending please contact the Health Improvement Department on 028 7186 5127.
